

Nottinghamshire Partnership Update

PARTNERSHIP MEETING SPECIAL

Issue 7 - April 2007

Welcome to the latest Nottinghamshire Partnership Update. This edition covers the most recent meeting of the Nottinghamshire Partnership which was held on Thursday 25 January 2007 at Nottinghamshire County Cricket Club and was chaired by Councillor John Clarke, Chair of Nottinghamshire Police Authority who welcomed over 80 partners.

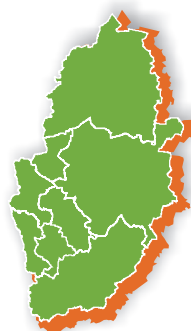

The main theme of the meeting centred around the Ipsos MORI findings from their "Liveability" survey and environmental issues, especially concerns about climate change and reducing our carbon footprints. At the rise of the meeting delegates had the opportunity to view the film "An Inconvenient Truth" by Al Gore. There were two further short presentations on the Fire and Rescue Community Safety Plan (copies of which can be obtained from Lea-Anne Abbiss, Nottinghamshire Fire and Rescue Service, tel: 0115 967 0880, e-mail: Lea-Anne.Abbiss@notts-fire.gov.uk) and The Future of Sport in our County. You can access the presentation by Derek Brewer, Chief Executive, Notts County Cricket Club, at the Partnership website.

Liveability Study

The survey showed that levels of crime and clean streets remained as key concerns for the public. However, the number of people wanting activities to be available for teenagers had increased significantly. The final presentation can be accessed at: www.nottinghamshirepartnership.org.uk.

Climate Change and the Environment

Notts Agenda 21 and the Environment Agency presented jointly on a wide variety of

Nottinghamshire Partnership
All Together Better
